

Annie O'Connor

(312) 702-0423 | annieo7@gmail.com | [linkedin.com/in/annie-o-connor-161ba1264](https://www.linkedin.com/in/annie-o-connor-161ba1264)

Programming Skills:

- **Languages:** C, JavaScript, VHDL, Python, Java, assembly
- **Web development:** HTML, CSS, Bootstrap, PDF.js
- **Hardware:** MIPS architecture, pipelining, embedded systems, circuit analysis
- **Tools:** Git, Linux

Experience:

Outlier, Online -AI Fact Checker

June 14 2024-Present

- Evaluated AI-generated outputs for factual accuracy and logical consistency
- Produced written feedback to improve model performance

Union Drive Marketplace, ISU - Student Worker

Jan 2023 - Fall 2025

- Demonstrated punctuality and responsibility while managing various stations
- Collaborated with team members to maintain efficiency in a fast-paced environment

Argonne National Advisory Board, Argonne National Laboratory - Student Advisor

Aug 2020 - May 2022

- Advised on STEM outreach programs at Argonne National Laboratory
- Learned from experienced scientists about the engineering field

Projects/Technical Experience

Embedded Systems - Semi-Autonomous Vehicle

- Developed functions in C for a microcontroller for a semi-autonomous vehicle.
- Implemented real-time data handling for object detection and avoidance.
- Designed user interface with Python for robotic control systems.

Full-Stack Application (Java, Spring Boot, Android)

- Collaborated with a team to create a full-stack Java application using Spring Boot and Android Studio.
- Included server setup, API development, and mobile UI design.

MIPS Processor (VHDL)

- Collaborated with a partner to implement a MIPS processor to support assembly instruction execution.
- Developed ALU operations and datapath components using VHDL.

Data Structures Implementation (Java)

- Implemented stacks, queues, trees, and sets using arrays and pointers.
- Applied object-oriented principles, including inheritance and polymorphism.

Education:

Iowa State University Ames, Iowa - Computer Engineering

Aug 2022 - PRESENT | Expected Graduation: May 2027

GPA: 2.36

Mother McAuley Liberal Arts High School Chicago, Illinois — High School Diploma

Aug 2018 - May 2022

GPA: 3.56

Additional Skills:

- Excel
- Intermediate Chinese
- Visual Composition & Design Principles
